EXPECTED OUTCOMES

- Develop strong scientific writing skills, including ethical practices, journal selection, and responsible use of AI tools.
- Identify research problems effectively through gap analysis, literature review, and hypothesis formulation.
- Apply statistical methods, data preprocessing, and EDA techniques to derive meaningful insights for research.
- Implement and evaluate ML models, and present results using effective visualization methods for publications.
- Understand cybersecurity research fundamentals and use analytical/automation tools to enhance research quality and productivity.

TARGET AUDIENCE:

Faculty, Industry Professionals, Students, and Research Scholars who are seeking to strengthen their scientific writing and publication skills.

Registration Link: https://forms.gle/cPiEpvRYF92TADf26
Registration Fee: Rs 100/- for Faculty, Industry Professionals, Students, and Research Scholars.

Note: E-Certificates will be issued to participants upon fulfilling the 80% attendance requirement and successfully completing the online assessment test.

ADDRESS FOR COMMUNICATION

Dr. V.Lokeshwari Vinya
Call/WhatsApp : +91 91604 58924
Email: vinya593@vardhaman.org

Mr. G. S. Prasada Reddy
Call/WhatsApp : +91 70329 01205
Email: gsprasadareddy@vardhaman.org

CHIEF PATRONS

Dr. T. Vijender Reddy	Chairman, VCE
Sri T. Upender Reddy	Secretary, VCE
Sri M. Rajasekhar Reddy	Vice Chairman, VCE
Sri E. Prabakar Reddy	Treasurer, VCE

PATRON

Prof. JVR Ravindra	Principal, VCE

CONVENERS

Dr. Ramesh Karnati	HoD - CSE 1, VCE
Dr. Vasantha SV	HoD - CSE 2, VCE
Dr. Gagandeep Arora	HoD - CSE 3, VCE

COORDINATORS

Dr. V. Lokeshwari Vinya	Assistant Professor, CSE, VCE
Dr. U. Seshadri	Associate Professor, CSE, VCE
Dr. V. Mohan	Assistant Professor, CSE, VCE

CO-COORDINATORS

Mr. G. S. Prasada Reddy	Assistant Professor, CSE, VCE
Mrs. S. Sowjanya	Assistant Professor, CSE, VCE
Ms. C. Kavitha	Assistant Professor, CSE, VCE
Mrs. D. Dhana Lakshmi	Assistant Professor, CSE, VCE
Mrs. Ashlesha Vijay	Assistant Professor, CSE, VCE
Mrs. N. Deepika Rani	Assistant Professor, CSE, VCE

ORGANIZERS

Dr. R. Arun Kumar	Assistant Professor, CSE, VCE
Mr. A. Ramesh	Assistant Professor, CSE, VCE
Mr. C. Satya Kumar	Assistant Professor, CSE, VCE
Mrs. Keerthi Pendam	Assistant Professor, CSE, VCE
Mrs. A. Ashwini	Assistant Professor, CSE, VCE
Mrs. M. Saritha	Assistant Professor, CSE, VCE

RESOURCE PERSONS

1. **Dr. K. S. Sowmiya Rani**
   Founder, Editor, & Reviewer
   Sowmis_AWW, India.
2. **Dr. Reda Mastouri**
   Data Scientist & Solution Architect,
   Eagle Investment System,
   New York, United States.
3. **Prof. Deepak Agrawal**
   Full-Stack Software Engineer,
   Morgan Stanley, University of California,
   New York, United States.
4. **Prof. Jun Shan**
   Principal Data Project Lead,
   Resident Solution Architect, Databricks,
   New York, United States.
5. **Dr. Shirina Samreen**
   Associate Professor,
   Department of Computer Science,
   College of Computer and Information Science,
   Majmaah University, Kingdom of Saudi Arabia.
6. **Mr. Ashvanth Babu**
   Senior Associate, Technology Operations,
   MassMutual, GCC, India

VARDHAMAN COLLEGE OF ENGINEERING

SSiT SOLUTIONS PVT. LTD.

One-Week

International Professional Development Program (PDP) on

Research Methodology and High-Impact Scientific Writing in Data Science and Cybersecurity

15th to 20th December 2025

(6:30 PM – 8:00 PM IST)

Organized by

VARDHAMAN COLLEGE OF ENGINEERING

Department of Computer Science and Engineering

VARDHAMAN COLLEGE OF ENGINEERING

(Autonomous) Shamshabad - 501 218, Hyderabad, T.S.,India

ABOUT THE COLLEGE Vardhaman College of Engineering (VCE) is one of the premier engineering colleges in Hyderabad that was established in 1999 by the Vardhaman Educational Society. The college has a vision to provide quality education to its students and cater to the diverse needs of society. VCE is a UGC Autonomous college, approved by AICTE, and is permanently affiliated to Jawaharlal Nehru Technological University Hyderabad (JNTUH).

The college offers a comprehensive range of academic programs, including an array of undergraduate B.Tech programs in disciplines such as Computer Science and Engineering (CSE), CSE with specializations in Artificial Intelligence & Machine Learning (CSM) and Data Science (DS), AI&ML, AI&DS, Information Technology (IT), Electronics and Communication Engineering (ECE), Electrical and Electronics Engineering (EEE), Mechanical Engineering (ME), and Civil Engineering (CE). In addition, VCE provides postgraduate M.Tech programs with specializations in Digital Electronics & Communication Systems (DECS), Power Electronics & Electrical Drives (PEED), Computer Science & Engineering (CSE), Structural Engineering (SE), and Engineering Design (ED), alongside an MBA program, and doctoral programs in CSE, ECE, EEE, CE, and ME.

VCE has been recognized for its academic excellence with an A++ grade accreditation by the National Assessment and Accreditation Council (NAAC), achieving a remarkable CGPA of 3.58 out of 4. Furthermore, six of its undergraduate engineering programs – B.Tech in ECE, EEE, CSE, ME, CE, and IT—have been accredited by the National Board of Accreditation (NBA), New Delhi, under the prestigious Tier-1 category. The MBA program, too, has received accreditation from the NBA in 2023, underscoring the institution's commitment to maintaining the highest standards of education and research.

Vision:
To be a pioneer institute and leader in engineering education to address societal needs through education and practice.

Mission:
- To adopt innovative student centric learning methods.
- To enhance professional and entrepreneurial skills through industry institute interaction.
- To train the students to meet the dynamic needs of society.
- To promote research and continuing education.

ABOUT DEPARTMENT OF CSE The Department of Computer Science and Engineering was established in 1999, with an intake of 60 and enhanced to 120 in 2006, 180 in 2012, 240 in 2013, 480 in 2023 and 540 in 2024, has since become the most sought-after department of the institution. The Department of Computer Science and Engineering offers B.Tech in Computer Science and Engineering and M.Tech in Computer Science and Engineering. The B.Tech programme is accredited by the National Board of Accreditation (NBA) under the Tier-I category.

The Department has always kept pace with the rapid advancements significant in the field. The Department is known for its strength in Theoretical Computer Science, High-Performance Computing, AI, ML, DL, Internet of Things, Data Science, Networking, Image Processing, Computer Vision and Cyber security. The Department comprises of qualified and expert faculty, a strong peer group, core, and inter-disciplinary research, and collaboration with leading industries and research organizations offering students an enriching learning experience to the students of this department.

The department is well-equipped with state-of-the-art academic and research laboratories, classrooms with ICT-enabled learning technologies, tutorial rooms for collaborative learning, technical association, and conference spaces in view of co-curricular activities.

Vision:
To be a leading source of competent computer engineers and meeting the needs of industry and society at large.

Mission:
- Facilitate learning in advanced technologies adopting innovative methods.
- Associate continuously with industry to design and implement experiential curriculum.
- Promote Research and Development through Special Interest Groups (SIGs).
- Provide a platform for harnessing entrepreneurial and leadership qualities.

ABOUT THE PDP The Professional Development Program (PDP) is designed to enhance the academic, research, and professional competencies of participants by providing structured training on emerging technologies, research methodologies, and scholarly publications. This program aims to bridge the gap between theoretical knowledge and practical application through hands-on sessions, expert lectures, and interactive learning activities.

The PDP focuses on cultivating strong research foundations, improving scientific writing skills, and equipping participants with modern analytical tools and technologies relevant to data science and cybersecurity. It also emphasizes the ethical and responsible use of AI in research and scientific writing. By integrating practical exposure with conceptual clarity, the program prepares researchers, faculty members, and students to undertake high-quality research and contribute effectively to the scientific community.

OBJECTIVES

- Strengthen understanding of research design, problem formulation, gap analysis, and hypothesis development.
- Integrate advanced technologies in data science and cybersecurity into research methodology.
- Improve the quality of scientific writing for high-impact SCI/Scopus publications.
- Provide hands-on exposure to analytical tools, simulation platforms, and real-world datasets.
- Enhance skills in data visualization for effective presentation of research findings.
